SYSTEMS

Water the way mother nature intended.

Reverse Osmosis Systems

TFC-Series

ARO-SERIES

Quality water on demand.

Most impurities and other contaminants are rinsed down the drain while the refined water is routed to the convenient holding tank, ready & on demand at your fingertips.

No more expensive bottled or delivered water to pay or worry about.

Features:

- ✓ Save money with your own filtered water at home.
- ✓ No more inconvenience of bottled and delivered water
- ✓ Great tasting clear water for drinking
- ✓ Improve the flavors of soups, sauces, vegetables, & drinks
- ✓ Extend the life of appliances that use water
- ✓ No harmful Chemicals to use or maintain
- ✓ Great for your pets
- ✓ A Variety of Faucet Colors

Reverse Osmosis Systems reduce these contaminants:

Lead	TDS
Nitrates	Cyst
Copper	(Cryptosporidium)
Radium 226/228	Sodium

And many other contaminants that may be harmful to your health.
